Expression of Interest Guidelines

Placemaking NSW proudly supports the celebration of Sydney's rich cultural diversity through our Cultural Festivals Program. Our Cultural Festivals Program is hosted at Tumbalong Park in Darling Harbour and will be delivered through a single annual Expression of Interest (EOI) process for the 2027 program year.

Overview

Placemaking NSW (PMNSW) is seeking Expressions of Interest (EOI) from new and previous cultural festival organisers for inclusion in the Cultural Festivals Program being presented in Tumbalong Park, Darling Harbour.

The program enables festival organisers to focus on the cultural presentation whilst ensuring a safe and well-presented festival at Darling Harbour. Important information for organisers:

- To host and present a cultural festival in the Darling Harbour precinct, organisers are required to submit an **Expression of Interest** to apply to be part of the program. This will be assessed for suitability by a panel prior to confirmation of dates and commitment of the venue by PMNSW.
- This Guideline document has been produced to assist festival organisers submit the Expression of Interest and provide them with the best chance of success.
- Participation in the Cultural Festivals Program occurs under PMNSW's Outdoor Events Policy and Manual. Final delivery remains subject to landowner consent, licence conditions and precinct operational considerations.

This EOI process enables a fairer and more transparent application process, eliminates uncertainty around bookings and delivers a more curated and inspired Cultural Festivals Program.

PMNSW Expression of Interest Guidelines provide advice on how festivals are presented and supported to:

- determine fair and equitable use of the space;
- set clearer expectations and timelines;
- assist organisers in the planning and delivery of their event;
- provide structure, clarity and transparency around the process.

Organisers are required to:

- Nominate three (3) preferred festival weekends from the list of available program dates published as part of the annual EOI process.
- Nominate the intended festival size from the site templates that include estimated size and cost;
- Acknowledge the non-negotiable PMNSW procurement of key operational and compliance equipment on organisers behalf (charged at cost);
- Adhere to the timeline for planning and payment schedule.

An applicant's Expression of Interest submission is assessed against specific criteria.

Darling Harbour Culture Alive Program

Tumbalong Park at Darling Harbour

It's an exciting time for Darling Harbour, as it undergoes major renewal, and launches into its next phase as Australia's premier international event and entertainment destination. With Darling Harbour attracting approximately 27 million visitors each year, Tumbalong Park is one of Sydney's most prominent event locations.

As the landowner, PMNSW continues to celebrate Sydney's rich cultural diversity and a multicultural Australia by supporting a series of vibrant cultural festivals at Tumbalong Park. These festivals provide an opportunity for visitors to explore different cultures through food, cultural demonstrations, and entertainment.

With more businesses and residents moving into the area, there is increased interest in defining a diverse calendar of activity for the space. Through the annual Cultural Festivals Program, PMNSW balances the use of Tumbalong Park between cultural festivals, public activation, major events, maintenance requirements and general public use.

What is a Cultural Festival?

A Cultural Festival is a celebration of the traditions of a particular people or place. This includes festivals focused on a particular culture or cultures, folk festivals, arts festivals, and food festivals. Cultural Festivals presented in Darling Harbour must demonstrate culturally relevant and appropriate food offerings, performances, and merchandise offerings, and must be free for the general public to attend.

What is PMNSW seeking?

PMNSW is looking for Cultural Festival organisers to present well curated, professionally executed festival events specifically for Tumbalong Park at Darling Harbour. Cultural Festivals will take place over one or two days of an allocated festival weekend within the Cultural Festivals Program calendar.

Events should include a program of activity that focusses on stage performances, cultural demonstrations and workshops, as well as food and merchandise stalls, and other unique offerings that specifically demonstrate or represent a particular culture/s.

Please note, political demonstrations or festivals with a political agenda will not be considered through this Program. The Cultural Festivals Program should be a celebration of culture only.

The application period for submission of Expression of Interest is updated and published on the Darling Harbour website annually.

Notification of acceptance or rejection, and/or alternate dates will be sent within one month of the EOI process closing.

Reference Documents

The following documents are attached at the end of this guideline as a reference. To complete the EOI please review these documents.

1. Example Timeline

- This example of a timeline indicates critical planning milestones, meeting dates, deadlines for document submission, scheduled dates for invoicing and payments, and of course the cultural festival date.
- If successful, and the festival organiser accepts the offer to be part of the cultural festival program and assigned date, the venues team will create a tailored timeline specific to each cultural festival and will share this along with the templates for planning.

2. Template Site Plans & Indicative Cost Estimate

- PMNSW have determined the two (2) most feasible festival layouts and created templates for each. These layouts take into account food stall power access, bump in/out logistics, crowd flow, sight lines and impacts to precinct users
- The three (3) options for site layout (small, medium and large) give an example of indicative costs for each to help festival organisers in their planning.
- Festival organisers are required to nominate one site layout on their EOI to indicate to PMNSW what the expected size of their festival is, and to then use the indicative costs to help draft a proposed budget.
- The Large Festival layout indicates the maximum amount of food and merchandise vendors that will be accepted for the Cultural Festival program. Proposed site layouts that exceed the Large Festival layout's food and merchandise vendors allocations will not be approved for the venue.

Licence Agreement

- Festival Organisers will be required to sign a Venue Hire Licence Agreement.

What happens if the festival organiser misses the annual EOI process?	Applications can only be submitted during the advertised EOI period. Organisers who miss the annual EOI process will need to wait until the next EOI opens.

How are festival dates allocated?	Applicants are required to nominate three (3) preferred festival weekends as part of their application. Nominating a preferred date does not guarantee allocation of that date. Festival dates are allocated following assessment and consideration of venue availability, precinct operations, major event requirements, program diversity and overall assessment outcomes. Successful applicants may be allocated their first, second or third preference, or an alternative date following consultation with PMNSW.
What happens if there are two applications from the same 'culture'?	Where there are multiple applicants proposing festivals representing the same culture, PMNSW may only accept the application that achieves the strongest assessment outcome in the interests of diversity, venue availability and program balance.
What happens if the festival organiser needs to cancel the event?	It's the responsibility of the festival organiser to understand the financial implications of cancelling the event at key times leading up to the event once deposits have been paid to their suppliers. The PMNSW Event Deposit may be non-refundable. Please check the Terms & Conditions in the Licence Agreement and discuss with the Cultural Festivals team.

These are a good indication of what festival organisers should be budgeting for. A tailored cost estimate will be made available six (6) weeks out from the festival date based on the information provided at that time.
Why does PMNSW require all the documentation outlined in the EOI?	To be considered for the Darling Harbour Cultural Festival Program inclusion it is important that all festivals are submitting the same required information so they can be assessed fairly. As part of the festival planning process there is a timeline document that also outlines key planning documents and templates that need to be completed and submitted at various intervals in the lead up to each event. The documents submitted enable PMNSW to assist festival organisers in delivering an exciting, well organised and safe festival

Darling Harbour Culture Alive Program

	for their community, festival attendees and visitors of the Darling Harbour Precinct.
Are dates guaranteed once we're accepted?	Dates are indicative until licence execution; PMNSW may Reserve the right to reallocate at its discretion.
If accepted into the Cultural Festival program, can the size of the festival (Medium – Large) be changed during the planning?	It is important that the festival organiser's EOI is a close reflection of the festival their community group is planning to hold. The process allows for PMNSW to allocate time and resources to assist festival planning. If the festival grows significantly there may not be appropriate resources allocated to the event. In order to assist with this process, please estimate the event as larger and scale back to smaller if needed.
Can the site plan be changed?	Site maps can be adjusted slightly (but not rearranged) in consultation with the PMNSW Event Manager and must be done at early stages of the planning. No changes to the event site plan will be permitted less than 4 weeks out from the event.
Why is there a limit to food vendors on site?	There is a limit to the number of food vendors allowed on site for a festival. The most allowed for a festival is 14 (Large Festival). This is to assist with safe delivery and compliance on site, to reduce competition between vendors and impacts to precincts, as well as to reduce cleaning and waste, and to fit within the available power in the park.
In previous years, PMNSW have organised other services on the festival organisers behalf. Can this still be organised by PMNSW?	As part of the EOI process, the items that PMNSW will procure on the festival's behalf are listed. Items outside of this list will not be organised by PMNSW, however support and direction can be provided on areas outside of the scope.
What does PMNSW provide to the festival?	• Support and guidance throughout the planning process • Managing compliance requirements • Procurement of limited equipment • Allocated PMNSW Event Manager • Allocated PMNSW Account Executive • Venue value in kind (4 days) • Marketing support through PMNSW digital channels, including event listings and promotional opportunities via Darling Harbour platforms, subject to editorial and scheduling considerations.
Are festival organisers required to pay the Event Bond?	Yes. This is invoiced separately 4 months out from the festival date, with payment to be made by 90 days prior. This amount is held in case of damage to the park or precinct or if additional recoverable costs are incurred.
Does PMNSW offer grants or sponsorship?	No, PMNSW does not offer cash sponsorships. The Cultural Festival program comes with significant value in kind support, including venue hire for up to 4 days, some operational infrastructure, stage, speakers, truss, screen, backstage facilities, as well as support and guidance through the planning and the delivery of the festival. When securing commercial sponsors please ensure the following criteria are met for any on-park brand presence: Culturally Aligned Sponsors: - The sponsor must have a direct cultural connection and complement the overall festival General Commercial Sponsors: - Brands without cultural relevance may be considered, provided they complement the festival and do not conflict with its cultural focus PMNSW Approval Require: - All third party sponsors must be submitted to PMNSW for approval before any agreements are made between the festival organisers and the sponsor Branding Guidelines: - All sponsor branding must adhere to the 80/20 signage rule across all print and digital signage On-Park Activations and Stalls: - As a cultural festival, on-park commercial brand activations and stalls are limited to ensure the event remains culturally led rather than commercially driven. All activations and stalls must complement the overall festival and align with PMNSW guidelines. If you have any questions regarding third-party commercial sponsors, please contact your PMNSW Account Executive.
Are there any further discounts that PMNSW can provide to the Cultural Festivals?	PMNSW supports the Cultural Festivals Program through value in kind support, for venue hire and planning guidance and operational management. Any services procured on behalf of the festivals are charged at cost with no mark up, and PMNSW works with suppliers to achieve costs savings where possible without compromising on quality. PMNSW are not a funding agency and cannot provide cash support for festivals. Also providing firm event details early in the planning process will allow PMNSW to assist with suggestions that may lead to cost savings.
Can the festival organiser arrange their own security provider?	Festival organisers can provide their own security if the contractor holds the appropriate licences & insurances. A roster of services will need to be provided to and approved by PMNSW to ensure the festival has the appropriate cover. Please discuss this with your PMNSW Event Manager.
Can the festival organiser provide their own volunteer cleaners to support the cleaning of the event and reduce costs?	It is a condition of the program that the precinct cleaning and waste contractors are engaged by PMNSW to ensure a premium standard of cleanliness and compliant waste management practices. This is charged back to the festival at cost price. A volunteer base may be useful to supplement paid resources to support sustainability practices.
Can PMNSW support recycling initiatives on ground at the festival?	Yes, the cleaning contractor can report on recycling. To manage this process, additional staffing is required to sort rubbish and document figures for reporting.
Can festival organisers use Single-use plastics?	NSW bans certain single-use plastic items, including plastic straws, stirrers, cutlery, plates/bowls (without spill-proof lids) and expanded polystyrene (EPS) foodware. All stallholders, caterers and sponsors must use compliant alternatives. Your stallholder briefing pack must reflect these requirements

Can the festival have a smoking area?	No. As part of PMNSW commitment to an enjoyable precinct and outdoor event experience for attendees the event is required to be a non-smoking event. Smoking areas are not permitted.
Can festival organisers use a different supplier for Audio?	Yes, however this must be approved by a PMNSW Event Manager. The proposed supplier must provide appropriate licences and insurances. For this to be approved, a PMNSW AV contractor technician is required to be on site over the duration of the festival to ensure that the PMNSW Sound System is not damaged and so that any issues can be resolved on the day of the event.
Can the bump in of festival equipment and infrastructure commence on the Thursday?	As Tumbalong Park is a premium green space in Darling Harbour, PMNSW encourages festival builds to be completed quickly and with minimal impact to the venue and general public. As part of the Cultural Festivals Program venue hire is provided as value in kind for Friday - Monday (4 days). Additional days outside of this including Thursday bump in will attract a fee and will be approved depending on availability and other activity happening in the precinct.
Can PMNSW support the festival with additional marketing?	Yes, PMNSW supports the festival with additional marketing activities including listing on the Darling Harbour website, social media posts (Facebook and Instagram) and via a media release. The PMNSW Event Manager will notify festival organisers when the Marketing team will require information and when this information is shared via those channels. Banner poles within the precinct can be hired by the Cultural Festival Organiser at a commercial cost.
Does PMNSW supply a dedicated Event Manager to support the event process?	Yes, a PMNSW Event Manager is allocated to each Cultural Festival. On occasion, there may be changes to the PMNSW Event Manager representative through the planning process to provide the festival with the best service and attention.
What is the role of the PMNSW Event Manager?	The PMNSW Event Manager's role is to guide and provide advice based on experience and expertise in the venue. Whilst they provide guidance and mentor festivals through the process, they are not the organisers of the event. Should festival organisers require assistance to submit documentation to PMNSW, and to deliver their event, it is recommended festival organisers hire an Event Manager on the festival's behalf. The PMNSW Event Manager is also the point of contact for all EOI liaison, venue enquiries, finance and legal correspondence.
Who sits on the assessment panel?	The assessment panel will comprise two (2) representatives from PMNSW. PMNSW may, at its discretion, invite one (1) independent or external representative with relevant subject matter expertise to participate in the assessment process.
Can the festival organiser contact the assessment panel to discuss their festival EOI and plans?	No. The names and contact details of the assessment panel will not be disclosed to ensure that there is no canvassing of panel members over the EOI process to keep the application fair to all parties

	involved. After the assessment, each festival organiser will be given feedback on their EOI submission, as well as advising whether they have been successfully accepted into the program or not.
What happens if social distancing and event restrictions are required?	Should event restriction be required through a Public Health Order or similar, the PMNSW team will work with each event individually to work through the practicalities of the requirements under any applicable Public Health Orders or to discuss cancellation or postponement.
